

2016 Buckeye Day Camp

New this year...

**Camp Lazarus,
Delaware, Ohio
July 25 - July 29, 2016
8:00 am - 4:00 pm**

Since many scouting families return year after year, here's a quick guide to things that we have changed for the 2016 Take Flight! Camp.

These changes are based on feedback from previous years – we are constantly trying to improve our camp. Please let us know if you have suggestions for future camps!

- 1) The biggest change is that we are adjusting times slightly around the pool so that we can make more efficient use of pool time; one of the most significant complaints was that we did not have enough pool time. Dens will leave the previous period 15 minutes early so that they can get into the changing room before their pool time starts. Last year, if you had pool time 10:15-11:15, you would arrive at 10:15, change, get in the pool around 10:25, get out at 11:05, change, and then go on to your next station at 11:30. Now, you leave the previous station around 9:45-9:50, change from 9:50-10:05, in the pool 10:15-11:15, change 11:15-11:25, and head off to your next station a few minutes late. Schedules are in your notebook.
- 2) In order to better match the skill levels of groups arriving at the pools, we have shuffled the order of the dens. This means that your den number is not necessarily the first station you will go to on Monday as in past years. However, you'll still progress through the stations in order.
- 3) This year we have access to south camp, so we've created a nature area beyond the fishing pond. Youth staff will be available to help groups with wagons get up the steep hill beyond the bridge at Fishing. Scouts are not allowed to progress over the bridge at Fishing until invited to do so by a youth staff guide.

Remember to Drink Plenty of water!
